"Money's Worth or Money Back."

D. J. KAUFMAN,
1005-7 Pa. Ave.

TYLER WILL FILED.

Wife and Son Given Largest Portion
of Property.

The will of Richard Woolsey Tyler,
dated June 5, 1908, has been filed for
probate.

The interest of the testator in the real
estate business of Tyler & Rutherford,
Inc., is bequeathed to his son, Richard
Knickerbocker Tyler, and the bulk of the
remaining estate is left to the widow,
Mrs. Eleanor Tyler.

The real estate owned by the testator
is devised to the Union Trust Company,
as executor and trustee, with particular
instructions as to the disposition of the
income among the widow, the two
daughters, Margaret Tyler Clark and
Eleanor Tyler Pilling, and his grand-
daughter, Margaret K. Clark. Bequests
of \$500 each are made to the grand-
daughter and to the testator's brother,
Israel B. Tyler, of Saginaw, Mich.

The will provides that at the death
of the widow, one-half of the income
goes to the granddaughter, one-sixth to
the son Richard, and the remainder, in
equal shares, to the two daughters. The
estate is to be kept intact during the
life of the children, and when sold is to
be distributed among living heirs. Should
no descendants of the testator then sur-
vive, it is provided that one-half the
proceeds of sale be distributed to the
heirs of his brother, Israel B. Tyler, and
one-half to the descendants of his older
brothers and sisters.

GILFRY SEEKS ACCOUNTING.

Asks Court to Stop District Realty
Company from Selling Property.

Henry H. Gilfry, trustee for himself and
for former Senator Clark, of Montana, yester-
day applied to the court for an injunction
to prevent the District Realty Com-
pany from selling any more lots in City
View Heights, a tract of forty-one acres
on the Hadenburg road.

He also seeks to prevent the further
collection by the company of deferred
payments on lots previously sold by it
under a contract as selling agents for
Gilfry and Clark, who claim to be owners
of the property.

The court is also requested to abrogate
the contract and to require the realty
company, a Virginia corporation of which
Maj. Erasmus L. Hawks is president, to
account for collections made.

A rule was signed by Justice Wright
citing the company to appear August 4
and show cause why the prayers of the
petitioners should not be granted.

Remit Policeman's Fine.

The verdict of the police trial board,
which recently fined Private Walter E.
Rollins, of the Metropolitan police force
\$10 for alleged conduct unbecoming an
officer, has been set aside by a hearing
of the case yesterday by the Board of
Commissioners, who direct that the
amount of the fine be remitted.

The Most Beautiful Flowers

Are obtainable at Gude's. Fragrant, fresh,
long-lasting. Funeral designs. 1214 F.

Negro Woman Wanted to Die.

In the grip of despondency, Amelia Har-
ris, negro, fifty-three years old, attempted
suicide by leaping from a wall between
Thirty-third street and the Chesapeake
and Ohio Canal last night. A wild
excited crowd of negroes saw her jump.
She sustained severe injuries and was
taken to Georgetown University Hospital,
where it was reported she would recover.

Hide Out to Fort Myer and See

Attraction tests. TTCO taxicab, \$1 per hour
for parties of four. Phone North 1212.

Request Is Refused.

The Commissioners have refused the re-
quest of the Chesapeake and Potomac
Telephone Company for permission to trim
the lower limbs of the elm trees along
Rock Creek Church road between Fifth
street and Georgia avenue, saying to do
this would permanently injure the trees,
deprive them of their shade and beauty, and
make the thoroughfare unsightly.

Watch for a city—Randle Highlands.

LOCAL MENTION.

EXCURSIONS TO-DAY.

Steamer Charles Macalister for Mount Vernon.

Daily and Sunday boats leave Seventh street wharf
at 8 a. m. and 7:30 p. m.

To Fort Monroe, Norfolk, Newport News, and
all points South-Norfolk and Washington steamers
every evening in the year at 8:45.

Steamer Jamestown, for a moonlight trip down
the Potomac—Leaves Norfolk and Washington steam-
boat wharf at 7 p. m., daily and Sunday.

To Annapolis and the United States Naval Acad-
emy—Trains leave every hour on the half hour from
Fifteenth and H streets northeast.

To Rock Creek and Bridge, Zoological Park, Chevy
Chase, and Kensington—Cars from Fifteenth street
and New York avenue every fifteen minutes.

STUDY NAVY YARDS

Board at Boston Will Deter-
mine Military Efficiency.

NAMED BY SECRETARY MEYER

First Investigation Reconciled as
Far as Possible Discrepancies in
Regulations—Second Then Went
Over Work, and Now It Is Hoped to
Perfect System by Third Report.

The development of the military effi-
ciency of the navy yards in connection
with their relations to the bureau in
Washington, is the object of a board ap-
pointed by Secretary Meyer and now
meeting at the Boston Navy Yard, ac-
cording to an announcement made at the
Navy Department Tuesday afternoon.

This is the third board appointed by
Secretary Meyer to consider similar
questions, and is by far the most im-
portant.

The first, known as the "Sperry board,"
was appointed to reconcile as far as
possible the discrepancies in the naval
regulations. This board made a majority
and minority report. Where the report
was unanimous, it was accepted by Sec-
retary Meyer. Differences, however, re-
mained, and to remove these, as far as
they affected steam engineering, a sec-
ond board was appointed, consisting of
Rear Admirals E. H. C. Leutze and Wil-
liam Swift, Capt. Nicholson, and Com-
mander John M. Poyer, as recorder.

Many Questions Unsettled.

When this board had completed its du-
ties much remained to be done. Although
the work assigned to each board had
been finished and approved, though not
in every particular was each report ac-
cepted.

One feature of the administration of
the navy yards, which existed at the
time Secretary Meyer took charge of the
Navy Department, is to remain un-
changed for a while, the Secretary hav-
ing announced he would retain as man-
ager of each yard, with the exception
of the Washington Navy Yard, an officer
of the construction corps, in order that
the plan might have a chance to prove
whether it was good or not.

As to the other features, the scope given
to the Swift board is wide, and it is
expected that at least two months will
be occupied in its deliberations. It was
announced at the Navy Department that

it was clearly useless to attempt to
make any advantageous changes in the
navy yards without considering at the
same time the relations of these yards
to the Washington bureau.

Board Will Decide.

This is a matter for the board to con-
sider, and it was intimated that some
of the changes which may be proposed
would be such as to require Congressional
action for their adoption. It was de-
clared, however, that there was no idea
as to the nature of the report which
the board would bring in.

The board is composed of Rear Admiral
William Swift, Capt. C. E. Vreeland,
Capt. S. H. Stanton, Capt. F. F.
Fletcher, Commander Roy C. Smith,
Lieut. Commander Lloyd H. Chan-
dler, and Commander J. M. Poyer, as re-
corder.

PAPERS FILED IN SUIT.

Corporation Counsel Thomas Gives
Documents to Commissioners.

Corporation Counsel E. H. Thomas has
filed with the Commissioners the papers
in the suits pending for adjustment in
the matter of claims for damages to property
occasioned by the destruction of the
Northern Liberty Market, authorized un-
der an act of Congress approved March
4, 1909.

Under this act the auditor of the Su-
preme Court of the District is given juris-
diction to make a total allowance of
\$2,000, and directed to report his findings
to the Commissioners, who may approve
or disapprove. The auditor will hear the
claims of the parties to the issue at an
early date.

There are nine estates involved, the
claimants being Alexander Gray, Jacob N.
Leapley, Mary Gross, Nellie M. Healy,
Eliza Shaffer, and Emma Meyers, heirs
of Christian Wagner; Mary L. Smaker,
Cecil Mannion, Emma J. Ward, and Jo-
seph Gold, heirs of Joseph Gold; Annie
F. Ward, Eva M. Eppley, M. M. Leim-
bach, Lydia Baptista, and George Sling-
ing, heirs of Fred Slinging; Sarah C.
Dover, William Reed, and Ida B. Reed,
heirs of Armistead Reed. The claims of
the nine suits aggregate \$2,397.11.

FLAMES DESTROY HOUSE.

Residence of Dr. Sutcliffe at Somerset
Height Is Burned.

Flames broke out in the residence of
Dr. Milo H. Sutcliffe, at Somerset Heights,
Md., yesterday morning, and destroyed it.
The strong wind made all combat with
the fire futile. The loss was \$5,000,
partially covered by insurance.

Other dwellings near by were imperiled
for a time, and Engine Company No. 29
was rushed to the scene, and assistance
was also given by a volunteer bucket
brigade from Tennytown. The cause
of the blaze is not known.

ITALIAN WAR SHIP HERE.

Cruiser Etna 1400 at Anchor in
Washington's Harbor.

The Italian cruiser Etna, under com-
mand of Count Leonardi de Casolino,
arrived in Washington yesterday shortly
after noon from Hampton Roads. After
lying at anchor in the harbor at the foot
of P street for about ten days, the
cruiser will go to New York, and, with
the Italian war ship Etna, participate in
the celebration of the discovery of the Hudson
River by Henry Hudson.

The Etna was sent on a three years'
cruise by the Italian government, and
for the last two and a half years was
located in South American waters, ex-
cept for a short time spent at the James-
town Exposition.

On her way to New York she will stop
at Baltimore and Philadelphia.

Home of a Hundred Ideas

IN WOODLEY PARK.

A Location Directly in Line with the City's Most Substantial Growth.

Could a more positive guarantee of permanent future value be asked for? Woodley Park is
to-day recognized as a neighborhood which gives prestige to the family living within it.

You can now appreciate why the production of a \$7,350 home—and that, too, so different from
ordinary properties—in Woodley Park is looked upon by authorities as a remarkable accomplish-
ment.

Contain the Combined Ideas of the Men and Women of Washington.

These homes vividly impress one with their solidity and permanence. The style of architecture designates
them as a class of dwellings which not only conform to, but will maintain the character imposed by the dic-
tates of the neighborhood. The dominant colors of the home are mahogany and old ivory, an exquisite com-
bination, and one which forms a perfect background of decorative furnishings.

By banishing the unsanitary area and back building, the dining and middle bedrooms are transformed into
sunny, cheery rooms, well lighted and perfectly ventilated.

Individuality is secured by alternating the structural designs and by the careful blending of colors which
appear in the front elevation. Lots, 20x120 feet, affording ample room and a generous garden.

The man who understands that an ideal home is based on home ownership will naturally look about for
means to purchase such a home. Our ideal home would not be practical if our terms were not compatible with
our intentions.

Therefore, the terms upon which they are to be sold are so fraught with meaning to the man who rents
that to refuse to inquire into its significance is to reject an opportunity that salaried men have never before
received in this city.

You know the difficulty of renting a nine-room house under \$40.00 or \$50.00.

We will sell you one of these homes on monthly payments of \$48.50, including every dollar of interest,
while an average of \$32.45 goes toward paying for your home.

To illustrate—Suppose your grocer would say: "I will give you \$48.50 worth of groceries
each month, but will arrange it so that an average of \$32.45 will come back to you as money saved."
That proposition would be worth while. Ours is the same.

The sample home is the only one finished. To inspect this building will reveal home possibilities of which
you had no conception. If you wish to know what an ideal home means visit "the homes of a hundred ideas."

Nos. 2824 to 2846 27th Street.

Wealthy neighborhood, aristocratic neighbors, delightful surroundings. In line with the class of improve-
ments significant to the Connecticut avenue section. Model house open and lighted until 9:30 o'clock.
